

Announcement

2nd Berkeley School on Collective Dynamics in High-Energy Collisions

May, 21-26, 2007

This year's school will be devoted to the properties of hadrons in the medium, their relation to chiral symmetry and their implication for astrophysical phenomena. The school will be in honor of Prof. Gerry Brown. The morning sessions will consist of one lecture followed by a moderated discussion. The afternoon sessions will continue with three contributing talks and moderated discussions. Please take note, there are limited funds available for support of students and post docs. Please apply early, as funds will be distributed on a first come, first served basis. Please bring this information to the attention of interested students and postdocs.

Lecturers include:

G. E. Brown, P. Braun-Munzinger, C. Djalai, A. Dress, T. Hatsuda, V. Metag, S. Perlmutter*, M Prakash, R. Rapp, M. Rho, J. Stroth*, G. Usai, W. Weise

* tbc

Deadline for application: March 31, 2007

The website of the school is
